Nite Drop Zone

The KEYper® Nite Drop Zone offers your customers the ulti- mate in after-hours convenience when dropping off keys. Our convenient, reliable and secure Drop Box is the answer to late nite or early morning key drop off your operation needs! Sim- ple, smart and affordable ways to maintain and control your keys, even when you're not there!

Give your customers the convenience they deserve with the KEYper® Nite Drop Zone. To drop off their keys, users simply complete a convenient and familiar envelope, insert their keys, and drop the envelope in the KEYper® Nite Drop Zone. Easy to understand decals explain the key management pro- cess. There's no need for a separa- te mail slot. It's time to avoid lost keys, smudged envel- opes, etc.

Improve your service revenue with weekly or monthly spe- cials that you can display in the envelope holder placard.

Product Specifications:

- Heavy duty 1⁄4 inch steel construction with durable powder coat finish

- Weather Resistant

- No worry, theft resistant design. Once envelope is deposited into the vault it cannot be removed without the key.
